**Text:** **Set Theory and Related Topics, 2<sup>nd</sup> Edition**, by Seymour Lipschutz, Schaum's Outline Series, McGraw Hill, 1998, 1964; ISBN - 13: 978-0-07-038159-9, ISBN - 10: 0-07-038159-3

**Calculation of Final Average**

<b>Graded Homework</b>	20%
<b>Mid-Term Exam</b>	40%
<b>Final Exam</b>	40%

**Assignment of Final Grade**

<b>Final Average</b>	<b>Grade</b>
90-100	A
80-89	B
70-79	C
60-69	D
0 -59	F

**NOTE: Final Grades Cannot be Given Out Over The Phone**

**Mid-Term Exam:** Our Mid-Term Exam will be on Wednesday, March 15, at 6:00 pm.

**Final Exam:** Our Final Exam will be on Wednesday, April 26, at 6:00 pm. Students will not be allowed to take the Final Exam early. Exceptions WILL NOT be made for those who have made travel arrangements (e.g. purchased an airplane ticket) for a date on, or before the Final Exam.

Exams and homework assignments will be returned to students (to keep) after they have been graded, but will remain the permanent property of the Instructor even after they are returned to the students.

## **Incomplete Policy**

A grade of “I” (incomplete) may be given in the case of illness or emergency situations occurring towards the end of the semester, which make it impossible for the student to complete all course work by the end of the semester in such a way that the student’s grade accurately reflects his or her mastery of the course material up to the time of the illness or emergency. Such grades are given very sparingly, and only in a case of genuine hardship. Time limits for removing an incomplete can be found in the Undergraduate Bulletin.

## **Makeup Policy:**

There will be no make-up tests given during the semester. The Make-up for the Mid-Term Exam will be given on Wednesday, May 3 at 6 pm **for those students who missed the Mid-Term Exam** . Notice that these make-up tests are only given to students who **missed the Mid-Term Exam**. One catch - once you enter the room to take the Mid-Term Exam, you must take the exam. You will not be allowed to enter the room, look at the exam, and then decide whether or not you want to take the exam.

## **Attendance Policy:**

More than three (3) unexcused absences will result in a grade of **F**.

## **Study and Preparation:**

To increase your chances for success, do the assigned homework when it's assigned and ask questions either in class or during office hours on problems that you find difficult. Most of the homework that is assigned will not be collected. Nevertheless, you are still expected to do it - and to a great extent, your conscientiousness in this matter will determine your success in the course.

For your benefit, **study material will be made available on my website**. This material provides a good way to prepare for the tests, and you are encouraged to make use of it. Consider the material to be a “tune up” for the exams, rather than a substitute for doing the assigned homework. To get to my website:

1. My website address is: <http://www.pat-rossi.com/>
2. Click “Academic Links for Troy University Students”
3. Under “Course Links,” click “MTH 6621.”

## **AMERICANS WITH DISABILITIES ACT:**

Troy University supports Section 504 of the Rehabilitation Act of 1973 and the Americans With Disabilities Act of 1990, which insure that postsecondary students with disabilities have equal access to all academic programs; physical access to all buildings, facilities and events; and are not discriminated against on the basis of disability. Eligible students, with appropriate documentation, will be provided equal opportunity to demonstrate their academic skills and potential through the provision of academic adaptations and reasonable accommodations. Further information, including

appropriate contact information, can be found at the link for Troy University's Office of Human Resources at:

<http://www.troy.edu/humanresources/ADAPolicy2003.htm>

**Other Matters:** Behavior such as wearing headphones in class, sleeping in class, exiting class during a lecture, talking to classmates during the lecture, reading a newspaper during class time, reading a book other than the assigned text for the course during class time, or doing work not assigned in this class during class time will not be tolerated. (If you are sick, or need to use the restroom, raise your hand and ask to be excused.) Also, I do not "grade" students' tests immediately after the test is turned in – please don't ask me to grade yours. Also, I don't show the solutions to problems on a test to students immediately after they turn in their test – please don't ask me. The solutions are posted on my website within a reasonable amount of time after the test is given, so there is no need for me to work the problems out at the request of each person who asks.

### **Course Content:**

1. Review of Integral Essentials
2. Definition of Differential Equation, Solutions of Differential Equations, Initial Value and Boundary Value problems.
3. First Order Differential Equations
4. Separation of Variables
5. Transformation of Variables
6. Exact Differential Equations
7. Integrating Factors
8. Linear First Order Equations
9. Applications To Mechanics, Electricity, Chemistry, Heat Flow, Miscellaneous Growth and Decay, Rocketry, Biology
10.  $N^{\text{th}}$  Order Linear Differential Equations
11. Auxiliary Equations
12. Linear Independence and Wronskians
13. Particular Solutions
14. Undetermined Coefficients
15. Annihilator Method
16. Euler Equations
17. Applications of Higher Order Equations to Mechanics and Electricity
18. LaPlace transforms
19. Solutions of Differential Equations by Use of Series

## Cell Phones and Other Electronic Devices

Troy University no longer has a cell phone policy. This means that I will not prohibit students from having a cell phone, tablet, etc. on their desk, except while tests are being given. I do not like for students to have such devices in plain sight and be engaged in their use during my lectures - it's discourteous and it's a distraction to the person who has the device and to others around him/her. Considering how much students pay for each credit hour of instruction, being engaged in using such devices during class time also wastes money that students pay for tuition. But, since there is no longer any University policy regarding the use of such devices in the instructional environment, there is not much that I can do to prohibit their use (except during tests). While taking tests, neither calculators nor cell phones, tablets, etc. will be allowed on your desk and/or in your work environment. Particularly, the use of a communication device to violate the Troy University *Standards of Conduct* will result in appropriate disciplinary action (See the *Oracle*.)

It would be a courtesy for students who are expecting an emergency call to inform me before the start of class. Students receiving calls that they believe to be emergency calls should answer quietly without disturbing the teaching environment. If the call is an emergency, they should move unobtrusively and quietly from the instructional area.

## Academic Honesty

Academic misconduct shall be handled according to the guidelines listed in the *Oracle*.

**Letters of Recommendation:** I will gladly write letters of recommendation for students who receive an "A" in the course, who have reasonably good attendance, and who do not cause discipline problems; provided that the letters are for graduate/professional school and/or employment in a field related to your academic major. Letters of recommendation for employment must be for positions that will be filled in the near future. (e.g., don't ask me to write a letter of recommendation for a teaching position, when your date of graduation is over a year away.) Such letters are *confidential*. Also, if you want me to write a letter of recommendation, you must ask me *personally*. (i.e., do not put a note in my mailbox asking me for a letter of recommendation.) Oh - one more thing - the better I know you, the more I will be able to say about you in my letters of recommendation. *Therefore, it is to your advantage to come and see me, and ask for help during office hours.* This is how I get to know my students.

## Important Dates (Which Are Not Listed Elsewhere in the Syllabus)

Jan 16	Holiday – MLK Day – No Class
Jan 17	Last Day to Withdraw (from Summer Session A) without financial penalty
Jan 17	Last Day to Add a Course (in person or on Student Planning)
Jan 17	Last Day to Drop a Course without financial penalty (in person or on Student Planning)
Mar 6-12	Spring Break - No Classes
Mar 20	Last Day to Make Up Incompletes from Previous Semester
Apr 7	Last Day to File Intent to Graduate for Summer Semester
May 3	Dead Day

# University Firearms Policy

Regardless and in spite of recent changes in Alabama law related to the matter, it remains the policy of Troy University that no person other than authorized law enforcement officers shall be permitted to bring any firearm onto any campus, teaching, or service support property, owned or leased by the University, no matter whether they hold a permit to do so, or not. It has been determined that it is the University's prerogative to establish its policy related to this question and therefore the current University policy on firearms remains in effect.

This syllabus represents a tentative plan for the instruction in this course. The instructor reserves the right to amend this syllabus if, in his opinion, such action will enhance and/or optimize learning. Any changes in this syllabus will be announced in class and/or on the instructor's website. This syllabus is a best possible assessment of the course aspirations, assignments and requirements at the time it was developed for this semester.
